Booster connections may vary. Contact the Factory.

Standard Voltages (Specify choice): 208/60/3, 240/60/3, and 480/60/3. Available in 3-phase only. For non-standard 3-phase voltages, contact the Factory.

Plumbing Notes Because of the variation in house-supplied water pressure, a water pressure regulating valve (PRV) is needed (water PRV is standard with a booster). Steam PRV's may be required for pressure higher than 30 psi. The PRVs can either be purchased from Champion or obtained locally.
