## DOOR TYPE MACHINES

# DH6000 SERIES

Champion Commercial Door Type Dishwasher machines preserve space, water, chemicals and energy while producing sparkling clean dishes. They are available in high temperature models that can be easily converted from straight through to corner operations.

## did you know?

When compared to using a 3 compartment sink, deploying a properly sized dish machine can cut labor hours for warewashing by up to 70%!

### DH6000 High Temperature Door Type Dishwashing Machine

Champion's DH6000 Series of door machines tackle the most delicate of wares to the grimeiest of pans while being completely user friendly.

The single piece, wrapped hood design allows steam to escape out the top of the unit, away from the operator and is computer balanced so the door can be lifted by the lightest of touches.

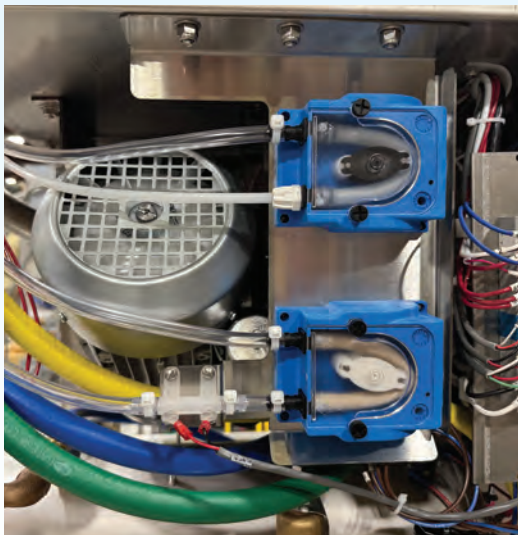

- Up to 60 racks/hour
- 0.73 gallons/rack water consumption
- Factory authorized startup
- HMI – operator touch screen interface
- On-board service diagnostics
- Field convertible – single to three, or three to single phase
- Sleep Mode – all internal heaters shut off after 4 hours idle
- Built-in booster configured to ensure 180° inse
- Field convertible from straight to corner operation
- Dual NSF listed as both a dishwasher and potwasher
- Rinse Sentry – ensures 180°F final rinse
- Auto Start – starts unit when hood is closed
- Single or dual point electrical connection

- High efficiency 2 HP pump
- Self draining pump
- Automatic tank fill
- Automatic drain valve
- Mounted pressure reducing valve

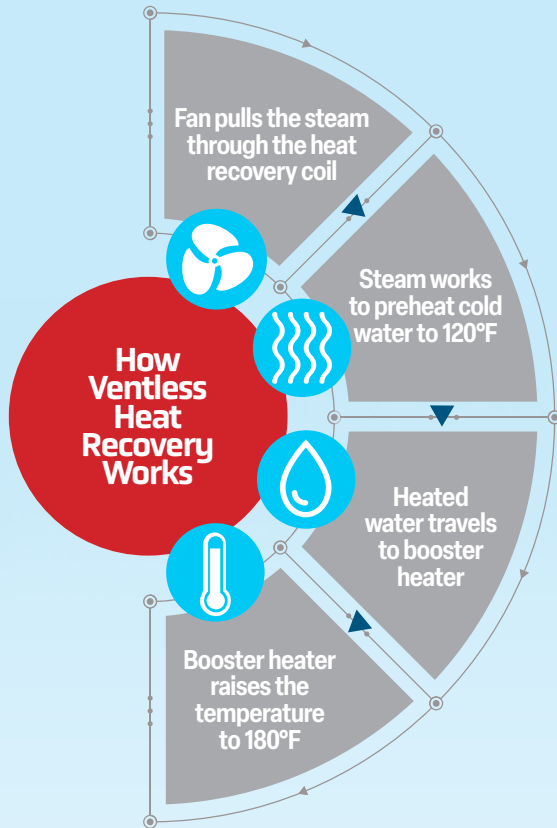

### DH6000T

Champion's DH6000T tall door machine offers the same features as the DH6000 (above) but with a 27" extended hood clearance for larger wares.

Optional Built-in Chemical Pump System (DH6000 Series only)

# VENTLESS HEAT RECOVERY

## Rent vs. Lease (Purchase) Example\*

Dealer sales price	<b>\$20,500</b>
60 month lease to own interest rate	<b>7.9%</b>
Monthly costs (detergent cost / usage)	<b>\$40</b>
<b>Total monthly purchase cost (4yr)</b>	<b>\$409</b>
<b>Total monthly rent cost (10yr)</b>	<b>\$350</b>

Save more with Champion!

Over **\$17,000** in savings over the life of the machine!

\* This is an estimate only. Final pricing may vary depending on the equipment, materials used, and any changes to the scope.

## did you know? zzz

The Sleep Mode is now standard on all the DH6000 Series Door Type machines. Machine will shut off all internal heaters after selected time is reached.
